**CRIMINAL CODE AMENDMENT - MINISTRY OF PUBLIC SAFETY AND
EMERGENCY PREPAREDNESS**

Resolution No. 2020-206

Moved By: Clinton Barr

WHEREAS on May 1, 2020, the federal government amended the Criminal Code by ordering regulations prescribing certain firearms, components and parts of firearms, accessories, cartridge magazines, ammunition and projectiles as prohibited or restricted;

AND WHEREAS the Government of Canada is planning a buyback program to get the guns out of circulation, which is expected to cost between \$400 million and \$600 million, and if the history of federal estimating repeats itself, will likely be in excess of \$1 Billion;

AND WHEREAS the Rural Municipality of Antelope Park No. 322 supports the Government of Canada's commitment to end violence, whether firearms are involved or not, by taking the opportunity to be more engaged and to collaborate with the public and local stakeholders to develop more effective solutions on the issue;

NOW THERE BE RESOLVED that the Rural Municipality of Antelope Park No. 322 urges the Government of Canada to revoke the amendment, and instead institute the following:

Target crime, and focus on enforcement through enhanced enforcement capacity for law enforcement and border services, as well as harsher punishments for firearms trafficking and crimes involving firearms. The current ban targets law-abiding owners, rather than the holders of illicit firearms, and would not greatly impact crime reduction; Collect and share relevant data on crime involving firearms through improved collection and sharing of data on crimes involving firearms, particularly in terms of sources of illicit firearms, and the types of crime being committed. This data is critical for supporting law enforcement and border agencies efforts, as well as informing policy and legislation; Collaborate with the firearms community and industry to support communication, training and public education regarding firearms to create a multi-faceted approach rather than implementing a ban in isolation.
